

Interflon Fin Super

Universal dry-film lubricant with MicPol® technology

Multi-purpose, high performance penetrating oil for cleaning, lubricating and protecting. With a wide range of indoor and outdoor applications. Leaves a dry lubricatoin film that does not drip, stain or attract any abrasives such as dirt and dust.

Interflon Fin Super reduces friction and wear and contains no chlorinated solvents or silicones. Does not damage rubber or plastic. Provides long lasting protection against moisture and corrosion. Often used in combination with Interflon Fin Grease.

Key Advantages:

- Long-lasting lubricating effect
- Strong penetrating action
- Dry, clean and economical lubricant
- Aerosol sprays in every position
- Removes and prevents rust
- Loosens seized parts
- Displaces moisture and prevents freezing

Applications:

- Chains
- Hinges
- Cables
- Pivots
- Cylinders
- Tools
- Locks
- Many more...

Interflon Fin Super

Universal dry-film lubricant with MicPol® technology

1 product that replaces up to 10 conventional products:

- Penetrating oil
- Chain spray
- Contact Spray
- Gear Spray
- Silicone Spray
- Cutting Oil
- Rust Solvent
- Dry Lubricant
- Graphite Spray
- Corrosion Protector

Practical example:

Easily unscrewing glow plugs

Over time, glow plugs become siezed, as a result of which the thread gets damaged as too much pressure is applied when removing the glow plug. Thus meaning the glow plug needs to be drilled out.

Our solution

Interflon Fin Super

Result:

Spray Interflon Fin Super into the seized glow plug thread and allow to soak in for five minutes. After one twist to the left and one to the right the plug can be easily unscrewed.

Work time is cut by up to one hour
