

Interflon Lube TF

Highly versatile, dry-film lubricant with MicPol® technology

Multi-purpose synthetic lubricant for long lasting lubrication of nearly all machine parts. Protecting parts against wear, moisture, dirt and corrosion. Fortified with MicPol® technology, this oil has a superior penetrating effect, cleans, removes rust and loosens seized parts.

Interflon Lube TF is a versatile and long lasting lubricating oil. Suitable for indoor and outdoor applications where parts can be exposed to factors such as high pressure loads, fresh or salt water, dirt, extremely low and high temperatures, sun, wind and other weather.

Key Advantages:

- Reduced friction and wear
- Dry, clean lubrication
- Great capillary effect
- Cleans and removes rust
- Does not damage rubber or plastic
- Cost savings due to reduced consumption

Applications:

- Chains
- Cylinders
- Tools
- Switch points
- Hinges
- Cables
- Bolts
- Many more...

Interflon Lube TF

Highly versatile, dry-film lubricant with MicPol® technology

1 product that replaces up to 10 conventional products:

- Penetrating oil
- Chain spray
- Contact spray
- Gear spray
- Silicone spray
- Cutting oil
- Rust solvent
- Graphite spray
- Corrosion protector

Practical example:

Optimisation of roller chains

The chains in a board sorting unit were lubricated every week. Wood chips adhered to all chains and the chains were stiff and noisy.

Our solution

Interflon Lube TF
(we recommend cleaning with Interflon Degreaser EM30+ first)

Result:

Lubrication once every five weeks with Interflon Lube TF, instead of once a week. Clean roller chains, less contamination and less noise.

5 x longer stand time of roller chains
